## **Apprentice HVAC Installer Residential/Commercial**

**Salary Range (Hourly): \$15-\$25**

**Reports to:** Journeyman and HVAC Estimator/PM

### **Summary/objective:**

Apprentice HVAC Installers possess knowledge of heating, ventilation, and air conditioning systems. Installation and service these systems in residential and commercial buildings. Understanding of the various components of each system and testing electrical circuits that supply power to the various systems.

### **Essential functions and Responsibilities:**

*Reasonable accommodation may be made to enable individuals with disabilities to perform these essential functions.*

- Basic sheet metal fabrication/installation knowledge
- Communication skills with customers and co-workers
- Self-starter
- Basic understanding and installation of HVAC equipment to meet mechanical codes
- Assist in the installation of various HVAC systems as directed by journeyman
- Replace any defective mechanical parts that deteriorate, or malfunction as directed by journeyman
- Will attend an HVAC accredited program
- Efficient, organized, and can prioritize work
- Attention to detail, problem solver, and analytical thinker
- Ability to work independently and exercise sound judgement.
- Personable, positive, helpful with excellent communication skills.
- Clean driving record and valid driver's license
- Basic knowledge of control and line voltage electrical circuit
- Basic mathematical skills including the ability to read a tape measure.
- Punctual

**Physical demands:**

- Able to lift at least 50lbs on a regular basis.
- Must be able to operate a vehicle using a seat belt safely and legally
- Must be able to wear appropriate personal protective equipment
- Must be able to twist the trunk of your body 90 degrees in each direction
- Must be able to perform work over head
- Must be able to stand on concrete surfaces for extended periods, routinely up to 4 hours
- This position is highly physical and requires regular use of hands, fingers, walking, stooping, kneeling, and climbing ladders. It requires employees to regularly lift and or move up to 10 lbs. and frequently lift and/or move up to 50 lbs. (may occasionally lift and/or move more than 50 lbs. with special approval.)
- Must be able to safely use a ladder
- Must be able to maneuver access areas, as small as 30" vertical x 45" horizontal
- Must be able to access rooftops comfortably and routinely with extension and/or fixed ladders at heights of 15' to 20', and occasionally, up to 50 feet +
- This role may be exposed to variable weather conditions, moving mechanical parts, heights, risk of electrical shock, noisy operating equipment and other variable environmental conditions based on location
- Willing to submit to drug/alcohol testing at any time, with reasonable suspicion, while clocked into work

**Work Hours:**

Commercial – 6:00am to 4:30pm Monday to Thursday

Residential – 7:30am to 3:30pm Monday to Friday

End of the day can/will change depending on season and job

**Other duties**

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice.
